INDEPENDENT AUDITOR'S REPORT

Board of Education
Kenilworth School District No. 38
Kenilworth, IL

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Kenilworth School District No. 38, Kenilworth, Illinois, (the District") as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position — modified cash basis of accounting of the governmental activities, each major fund, and the aggregate remaining fund information of the Kenilworth School District No. 38, as of June 30, 2019, and the respective changes in financial position—modified cash basis, thereof for the year then ended in accordance with the basis of accounting as described in Note 1.

Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

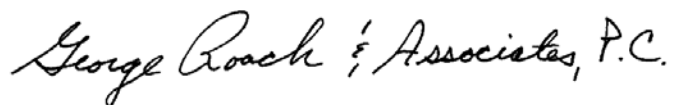

Other Matters

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Kenilworth School District No. 38's basic financial statements. The management's discussion and analysis and budgetary comparison information, as listed in the table of contents, which are the responsibility of management, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated August 27, 2019, on our consideration of Kenilworth School District No. 38's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Kenilworth School District No. 38's internal control over financial reporting and compliance.

George Roach & Associates
August 27, 2019

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Board of Education
Kenilworth School District No. 38
Kenilworth, IL

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Kenilworth School District No. 38, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise Kenilworth School District No. 38's financial statements, and have issued our report thereon dated August 27, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Kenilworth School District No. 38's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Kenilworth School District No. 38's internal control. Accordingly, we do not express an opinion on the effectiveness of Kenilworth School District No. 38's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We did not identify any deficiencies in internal control over compliance that we consider to be a significant deficiency as defined above.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

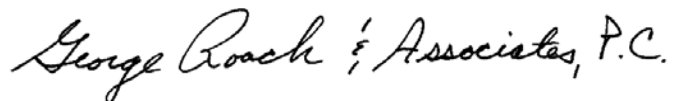

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Kenilworth School District No. 38's financial statements are free from material misstatement, we performed tests of its compliance with certain

provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

OTHER INFORMATION –

MANAGEMENT DISCUSSION AND ANALYSIS -
UNAUDITED

KENILWORTH SCHOOL DISTRICT NO. 38

Management's Discussion and Analysis – Unaudited
Year Ended June 30, 2019

This section of the Kenilworth School District No 38's (the District) annual financial report presents its discussion and analysis of the District's financial performance during the fiscal year that ended June 30, 2019. The intent of the Management's Discussion and Analysis (MD&A) is to look at Kenilworth School District No. 38's financial performance as a whole. Readers should also review the District's financial statements.

FINANCIAL HIGHLIGHTS

- The assets of the District exceeded its liabilities at June 30, 2019 by \$24,806,947 (net position). Of this amount, \$11,864,475 (unrestricted net position) may be used to meet the District's ongoing operation financial obligations.
- The District's total net position increased by \$1,661,977.
- At June 30, 2019, the District's governmental funds reported combined ending fund balances of \$24,024,613, an increase of \$1,323,612 from the prior year.
- At June 30, 2019, the fund balance for the General Fund was \$15,335,483.
- The District's total fixed assets decreased by \$480,899 during the year ended June 30, 2019.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as an introduction to the District's basic financial statements. The basic financial statements are comprised of three components:

- Government-wide financial statements
- Fund financial statements, and
- Notes to the financial statements

This report also contains other information in addition to the basic financial statements.

Government-wide financial statements

The government-wide financial statements report information about the District as a whole using accounting methods (modified cash basis) similar to those used in private-sector companies. The statement of net position presents information on all of the District's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating. The District's net position increased by \$1,661,977 in fiscal year 2019.

Fund financial statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District can be divided into two categories: governmental funds and fiduciary funds.

Governmental funds are used to account for essentially the same functions reported in governmental activities in the government-wide financial statements. However, unlike the government-wide financial

KENILWORTH SCHOOL DISTRICT NO. 38

Management's Discussion and Analysis – Unaudited
Year Ended June 30, 2019

statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a school district's near-term financing requirements.

The District maintains six individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the General, Operations & Maintenance, Debt Service, Transportation, Municipal Retirement and Tort Funds, all of which are considered major funds.

The District adopts an annual budget for each of the funds listed above. A budgetary comparison statement has been provided for each fund to demonstrate compliance with this budget.

An activity fund (fiduciary fund) is maintained by the District and financial information on that fund is included in the audit report.

Notes to the financial statements

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain other information concerning the District's progress in funding its obligation to provide pension benefits to its non-certificated employees.

KENILWORTH SCHOOL DISTRICT NO. 38

Management's Discussion and Analysis – Unaudited

Year Ended June 30, 2019

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

As the District completed the year, its governmental funds (as presented in the Statement of Assets, Liabilities and Fund Balances) reported a combined fund balance of \$24,024,613, which is an increase of \$1,323,612 from last year's total of \$22,701,001.

The Educational Account revenues were \$649,785 more than expenditures. The Educational Account ended the year with a fund balance of \$8,798,267.

The Working Cash Account has no expenditures. The Working Cash Account revenues were \$32,817 and ended the year with a balance of \$6,537,216.

The Operations & Maintenance Fund revenues were \$778,401 more than expenditures. The Operations & Maintenance Fund ended the year with a fund balance of \$6,564,306.

The Debt Services Fund revenues were \$60,772 less than expenditures and ended the year with a balance of \$1,022,345.

The Transportation Fund revenues were \$53,173 less than expenditures and ended the year with a balance of \$67,129.

The Illinois Municipal Retirement Fund revenues were \$17,164 less than expenditures and ended the year with a balance of \$463,164.

The Tort Fund revenues were \$6,030 less than expenditures and ended the year with a balance of \$572,186.

General Fund Highlights

The General Fund revenues were \$682,602 more than expenditures and ended the year with a balance of \$15,335,483.

Fund Budgetary Highlights

Expenditures in funds were under the budgeted amounts except in the Operations & Maintenance, Transportation, Municipal Retirement and General Fund, where the District does not budget for the state on-behalf revenues or expenditures.

CAPITAL ASSETS

As of June 30, 2019, the District had \$9,803,342, net of accumulated depreciation, invested in capital assets, including land, land improvements, buildings and equipment. (See table below.) A new inventory of capital assets was completed in 2005 to verify all values. This was done following the flood of 2002 and the restoration of the facility and replacement of damaged equipment, supplies, and

KENILWORTH SCHOOL DISTRICT NO. 38

Management's Discussion and Analysis – Unaudited
Year Ended June 30, 2019

materials. The inventory was updated at the end of the 2019 Fiscal Year. More detailed information about capital assets is presented in Note 4 to the financial statements.

	Balance July 1, 2018	Increases	Decreases	Balance June 30, 2019
Fixed Assets				
Land	\$ 26,342	\$ -	\$ -	\$ 26,342
Land Improvements	439,079	15,842	-	454,921

Equipment	1,804,670	10,424	-	1,815,094
Total Fixed Assets	18,510,092	26,266	-	18,536,358
Less: Accumulated				
Depreciation	8,225,851	507,165	-	8,733,016
Fixed Assets (Net)	\$ 10,284,241	\$ (480,899)	-	\$ 9,803,342

CAPITAL ASSETS AT JUNE 30, 2019 (AT COST)

DEBT

At year-end, the District had \$8,750,000 in bonds and notes outstanding at year-end. The District's general obligation bond rating by Standard & Poor's was AAA, preceding the last bond issue. More detailed information about the District's long-term debt is presented in Note 5 to the financial statements and the Schedule of Bonded Debt Maturities.

Currently, management is not aware of any other significant changes in conditions that could have a significant effect on the financial position or results of activities of the District in the near future. However, management continues to monitor items that may impact future receipts, especially noting a potential decline in state funds as well as losses due to the tax cap.

NOTES TO THE BASIC
FINANCIAL STATEMENTS

KENILWORTH SCHOOL DISTRICT NO. 38

Notes to Financial Statements

Year Ended June 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The District's accounting policies conform to the cash basis of accounting as defined by the Illinois State Board of Education, *Illinois Program Accounting Manual*. A summary of the significant accounting policies, consistently applied in the preparation of the accompanying financial statements are as follows:

REPORTING ENTITY

Accounting principles generally accepted in the United States of America require that the financial statements of the reporting entity include: (1) the primary government, (2) organizations for which the primary government is financially accountable, and (3) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. The criteria provided by the governmental accounting standards have been considered and there are no agencies or entities which should be presented with the District.

MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION

The District's basic financial statements include both government-wide (reporting the District as a whole) and fund financial statements (reporting the District's major funds).

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The Statement of Net Position and Statement of Activities display information about the District as a whole. They include all funds of the reporting entity except for fiduciary funds. These statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services. There are no business-type activities within the District.

The statement of activities demonstrates the degree to which the direct expenses of a given function, segment or program are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Indirect expenses not allocated to functions are reported separately. Interest on general long-term debt is considered such an indirect expense. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and standard revenues that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

KENILWORTH SCHOOL DISTRICT NO. 38

Notes to Financial Statements

Year Ended June 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

FUND FINANCIAL STATEMENTS

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, liabilities, fund equity, revenues, and expenditures. The District maintains individual funds required by the Illinois State Board of Education (ISBE). Funds are organized into three major categories: governmental, proprietary, and fiduciary. In turn, each category is divided into separate fund types. The fund classifications and a description of each existing fund type follow:

GOVERNMENTAL FUND TYPES

Governmental fund types are used to account for the District's general government activities, including the collection and disbursement of specific or legally restricted monies, the acquisition or construction of general fixed assets and the servicing of general long-term debt. Governmental fund types include the following:

General Fund – The General Fund consists of the legally mandated Educational Account and Working Cash Account, and is the primary operating fund of the District and is always classified as a major fund. It is used to account for the revenues received and expenditures disbursed which are used in providing education in the District. It is used to account for all financial resources except those required to be accounted for in other funds.

Special Revenue Funds – The Special Revenue Funds, which include the Operations and Maintenance Fund, Transportation Fund, Tort Fund and the Municipal Retirement Fund, are used to account for revenue received from specific sources (other than those accounted for in the Debt Service and Capital Projects Funds) that are legally restricted to expenditures disbursed for specified purposes.

Debt Service Fund – The Debt Services Fund accounts for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs. Since there are no legal requirements on bond indentures which mandate that a separate fund be established for each bond issue, the District maintains one Debt Service Fund for all bond issues.

Capital Projects Funds – The Capital Projects Fund accounts for financial resources to be used for the acquisition or construction of major capital facilities. The Fire Prevention and Safety Fund accounts for financial resources to be used for life safety projects.

KENILWORTH SCHOOL DISTRICT NO. 38

Notes to Financial Statements

Year Ended June 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

FIDUCIARY FUND TYPES (NOT INCLUDED IN GOVERNMENT-WIDE STATEMENTS)

Agency Funds – The Agency Funds (Student Activity Funds) account for assets held by the District in trustee capacity or as an agent for student organizations. These funds are custodial in nature (assets equal liabilities) and do not involve measurement of the results of operations.

MAJOR AND NONMAJOR FUNDS

An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the District or meets the following criteria:

- Total assets, liabilities, revenues received, or expenditures disbursed of that individual governmental or enterprise fund are at least ten percent of the corresponding total for all funds of that category or type; and
- Total assets, liabilities, revenues received, or expenditures disbursed of the individual governmental or enterprise fund are at least five percent of the corresponding total for all governmental and enterprise funds combined.

The District has classified all funds as major:

Major:

Educational Account See above for description.

Working Cash Account See above for description.

Operations and

Maintenance Fund A Special Revenue Fund to account for the repair and maintenance of District property.

Transportation Fund A Special Revenue Fund to account for activity relating to student transportation to and from school.

Municipal Retirement

Fund A Special Revenue Fund to account for the District's portion of pension contributions to the Illinois Municipal Retirement Fund for non-certified employees.

Debt Service Fund A Debt Service Fund to accumulate resources for, and payment of, general long-term debt, principal, interest, and related costs.

Tort Fund A Special Revenue Fund to account for activity relating to District tort immunity.

KENILWORTH SCHOOL DISTRICT NO. 38

Notes to Financial Statements

Year Ended June 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Under the terms of grant agreements, the District may fund certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Therefore, when program expenses are incurred, both restricted and unrestricted assets from net position may be available to finance the program. It is the District's policy to first apply cost-reimbursement grant resources to such programs, followed by general revenues.

MEASUREMENT FOCUS

The basic financial statements focus on the measurement of spending or "financial flow" and the determination of changes in financial position rather than upon net income determination. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance (net current assets) is considered a measure of "available spendable resources." Governmental fund operating statements present increases (revenues received and other financing sources) and decreases (expenditures disbursed and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during a period.

Agency funds are not involved in the measurement of results of operations; therefore, measurement focus is not applicable to them.

BASIS OF ACCOUNTING

Basis of accounting refers to when revenues received and expenditures disbursed are recognized in the accounts and how they are reported in the basic financial statements. The District maintains its accounting records for all funds on the modified cash basis of accounting under guidelines prescribed by the Illinois State Board of Education. Accordingly, revenues are recognized and recorded in the accounts when cash is received. In the same manner expenditures are recognized and recorded upon the disbursement of cash. Assets of a fund are only recorded when a right to receive cash exists which arises from a previous cash transaction. Liabilities of a fund, similarly, result from previous cash transactions. Cash basis financial statements omit recognition of receivables and payables and other accrued and deferred items that do not arise from previous cash transactions.

CASH AND CASH EQUIVALENTS

Cash equivalents of the District, which are highly liquid certificate of deposits (CD's) and reported by the District at cost. Gains or losses on the sale of CD's are recognized upon realization. The District has adopted a formal written investment and cash management policy. The institutions in which cash and cash equivalents are made must be approved by the Board of Education.

KENILWORTH SCHOOL DISTRICT NO. 38

Notes to Financial Statements

Year Ended June 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The District maintains a cash and cash equivalents pool that is available for use by all funds. In addition, cash equivalents may be separately held by some of the District's funds. Cash on hand and cash at fiscal agents has been excluded from the amounts shown.

EQUITY CLASSIFICATIONS/FUND BALANCE REPORTING

Equity is classified in government-wide statements as net position and displayed in three components as follows:

Net investment in capital assets – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets less any unspent debt proceeds.

Restricted net position – Consists of net position with constraints placed on their use either by 1) external groups such as creditors, grantors, contributors, laws or regulations of other governments or 2) law through constitutional provisions or enabling legislation.

Unrestricted net position – Consists of all other net position that does not meet the definition of "restricted" or "net investment in capital assets".

When both restricted and unrestricted resources are available, it is the District's policy to use restricted resources first, and then unrestricted resources as they are needed.

Fund balances are to be classified into five major classifications; Nonspendable, Restricted, Committed, Assigned, and Unassigned.

Nonspendable – the nonspendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, for example inventories and prepaid amounts. Due to the cash basis used by the District there is nothing to report for this classification.

Restricted – the restricted fund balance classification refers to amounts that are subject to outside restrictions, not controlled by the District. Items such as restrictions imposed by creditors (such as debt covenants), grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

Special Revenue Funds are by definition restricted for those specified purposes. The District has several revenue sources received within different funds that also fall into these categories –

- *Special Education* – cash receipts and the related cash disbursements of this restricted tax levy are accounted for in the Educational Account. Expenditures disbursed exceeded revenue received for this purpose, resulting in no restricted fund balance.

KENILWORTH SCHOOL DISTRICT NO. 38

Notes to Financial Statements

Year Ended June 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

- *State Grants* – proceeds from state grants and the related expenditures have been included in the Educational Account and Transportation Fund. At June 30, 2019, expenditures disbursed exceeded revenue received from state grants, resulting in no restricted balance.
- *Federal Grants* – proceeds from federal grants and the related expenditures have been included in the Educational Account. At June 30, 2019, expenditures disbursed exceeded revenue received from federal grants, resulting in no restricted balance.
- *Social Security* – expenditures disbursed and the related cash receipts of this restricted tax levy are accounted for in the Municipal Retirement Fund. Expenditures disbursed exceeded revenue received, resulting in no restricted balance.
- *Tort Immunity Tax Levy* - expenditures disbursed and the related cash receipts of this restricted tax levy are accounted for in the Tort Fund. Disbursements made from this fund included: \$586 for unemployment insurance, \$34,034 for liability insurance and \$23,187 for workers' compensation in the year ended June 30, 2019, resulting in a restricted fund balance of \$572,186.

Committed – the committed fund balance refers to amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the school board. Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of formal action it employed to previously commit those amounts.

Assigned – The assigned fund balance classification refers to amounts that are constrained by the District's intent to be used for specific purposes, but are neither restricted nor committed.

Unassigned – the unassigned fund balance classification is the residual classification for amounts in the General Fund for amounts that have not been restricted, committed, or assigned to specific purposes within the General Fund.

Expenditures of fund balances – unless specifically identified, expenditures disbursed act to reduce restricted balances first, then to committed balances, next assigned balances, and finally act to reduce unassigned balances. Expenditures for a specifically identified purpose will act to reduce the specific classification of fund balance that is identified.

CAPITAL ASSETS

In the government-wide financial statements, fixed assets are accounted for as capital assets. All fixed assets are valued at historical cost, or estimated historical cost if actual is unavailable, except for donated fixed assets which are recorded at their estimated fair value at the date of donation. Prior to July 1, 2003,

KENILWORTH SCHOOL DISTRICT NO. 38

Notes to Financial Statements

Year Ended June 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONCLUDED)

fixed assets were not capitalized. Such assets have been valued at estimated historical cost. The capitalization threshold is \$2,000. Depreciation of all exhaustible fixed assets is recorded as an allocation in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows: buildings and improvements 20 - 40 years, land improvements 15 - 20, transportation equipment 5 - 10 years, equipment 5 - 20 years.

In the fund financial statements, fixed assets are accounted for as capital outlay expenditures upon acquisition. No depreciation is recorded in the fund financial statements.

LONG-TERM DEBT

The accounting treatment of long-term debt depends on whether they are reported in the governmentwide or fund financial statements. All long-term debt to be repaid from governmental resources is reported as liabilities in the government-wide statements. The long-term debt for governmental funds is not reported as a liability in the fund financial statements. The debt proceeds are reported as other financing sources and payments of principal and interest are reported as expenditures.

PROGRAM REVENUES

Amounts reported as program revenues include 1) Tuition and fees and 2) Grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. All taxes, including those dedicated for specific purposes, are reported as general revenues rather than as program revenues.

NOTE 2 - CASH AND INVESTMENTS

At June 30, 2019, the carrying amount of the District's deposits, (including cash on hand of \$900) totaled \$24,854,208 and the bank balances totaled \$25,442,193, (including cash and cash equivalents in external pools).

Type	Total Cost	Less Than One Year	One to Five Years	Over Five Years
Municipal Bonds	\$ 665,000	\$ -	\$ 380,000	\$ 285,000
Total	<u>\$ 665,000</u>	<u>\$ -</u>	<u>\$ 380,000</u>	<u>\$ 285,000</u>

KENILWORTH SCHOOL DISTRICT NO. 38

Notes to Financial Statements

Year Ended June 30, 2019

NOTE 2 - CASH AND INVESTMENTS (CONTINUED)

Credit Risk. Under Illinois law, the District is restricted to investing funds in specific types of investments. The following generally represents the types of instruments allowable by state law.

- Securities issued or guaranteed by the United States.
- Interest-bearing accounts of financial institutions insured by the Federal Deposit Insurance Corporation.
- Short-term obligations (less than 180 days) of U.S. corporations with assets over \$500,000,000 rated in the highest classifications by at least two rating agencies.
- Insured accounts of an Illinois credit union chartered under United States or Illinois law.
- Money market mutual funds with portfolios of securities issued or guaranteed by the United States or agreements to repurchase these same types of obligations.
- The Illinois Funds Money Market Fund.
- The Illinois School District Liquid Asset Fund.
- Repurchase agreements, which meet instrument transactions, requirements of Illinois law.

Interest Rate Risk. The District's investment policy seeks to ensure preservation of capital in the District's overall portfolio. Return on investment is of secondary importance to safety of principal and liquidity. The policy does not limit investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. However, the policy requires the District investment portfolio to be sufficiently liquid to enable the District to meet all operating requirements as they come due. The weighted average of the portfolio maturity was 281.94 days and the weighted portfolio yield was 2.694%.

Credit Risk. State law limits investments in commercial paper, corporate bonds and mutual funds to the top two ratings issued by nationally recognized rating organization (NRSRO's). The District has no investment policy that would further limit its investment choices. As of June 30, 2019, all the District's other investments had either "Aa" or higher rating by Moody's.

The Illinois School District Liquid Asset Fund Plus (ISDLAF+) and the Illinois Institutional Investors Fund (IIIT) are a not-for-profit investment trust formed pursuant to the Illinois Municipal Code and managed by a Board of Trustees elected from participating members. Neither is registered with the SEC as an investment company. Investments are each rated AAAM and are valued at share price, which is the price for which the investment could be sold.

Illinois Funds is an investment pool managed by the State of Illinois, Office of the Treasurer, which allows governments within the State to pool their funds for investment purposes. Illinois Funds is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a-7 of the

KENILWORTH SCHOOL DISTRICT NO. 38

Notes to Financial Statements

Year Ended June 30, 2019

NOTE 2 - CASH AND INVESTMENTS (CONTINUED)

Investment Company Act of 1940. Investments in Illinois Funds are valued at Illinois Funds' share price, which is the price for which the investment could be sold.

Concentration of Credit Risk. The District's policy states investments shall be diversified to avoid incurring unreasonable risks regarding specific security types and/or individual financial institutions. The District shall diversify its investments to the best of its ability based upon the type of funds invested, available institutions to invest in, and the cash flow needs of those funds. Diversification can be by type of investment, number of institutions invested in, and length of maturity.

Custodial Credit Risk. Custodial credit risk is the risk that, in the event of the failure of the bank or the counterparty, the District will not be able to recover the value of its deposits, investments or collateral securities that are in possession of an outside party. Of the District's deposits, \$17,718,590 is covered by depository insurance, or collateral held by the District's agents, and \$7,723,603 is uninsured.

Custodial Credit Risk - Investments. With respect to investments, custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The District's investment policy limits the exposure to investment custodial credit risk by requiring all investments to be secured by private insurance or collateral. Investments held in liquid asset funds as indicated above are not collateralized or insured.

Separate cash and investment accounts are not maintained for all District funds; instead, the individual funds maintain their invested and un-invested balances in the common checking and investment

NOTE 3 - PROPERTY TAXES

Property taxes are levied each year on all taxable real property located in the District on or before the last Tuesday in December of the subsequent year. The adoption date for the 2018 tax levy was December 10, 2018. Taxes attach as an enforceable lien on property on January 1 and are payable in two installments (June 1 and September 1) subsequent to the year of levy. The District receives significant distributions of tax receipts approximately one month after these due dates.

Year Ended June 30, 2019

NOTE 5 - LONG-TERM OBLIGATIONS (CONTINUED)

At June 30, 2019, the annual cash flow requirements of all long-term debt to retirement were as follows:

Fiscal Year Ending June 30,	Bonds	
	Principal	Interest
2020	\$ 810,000	\$ 234,405
2021	740,000	217,003
2022	765,000	199,368
2023	785,000	181,124
2024	800,000	162,421
2025	825,000	143,162
2026	850,000	123,194
2027	870,000	102,616
2028	160,000	89,000
2029	170,000	82,400
2030	180,000	75,400
2031	185,000	68,100
2032	195,000	60,500
2033	205,000	52,500
2034	220,000	44,000
2035	230,000	35,000
2036	240,000	25,600
2037	255,000	15,700
2038	265,000	5,300
Total	<u>\$ 8,750,000</u>	<u>\$ 1,916,793</u>

NOTE 6 - OPERATING LEASE OBLIGATIONS

During the fiscal year ended June 30, 2019, the District entered into an operating lease for copiers with a 36 month term and \$2,103 per month payment. The minimum future payments are as follows:

Fiscal Year	Minimum Annual Payment
2020	<u>\$ 25,236</u>
Total	<u>\$ 25,236</u>

NOTE 7 - RETIREMENT SYSTEMS

TEACHER'S RETIREMENT SYSTEM

GENERAL INFORMATION ABOUT THE PENSION PLAN

The employer participates in the Teachers' Retirement System of the State of Illinois (TRS). TRS is a cost-sharing multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the city of Chicago. TRS members include all active non-annuitants who are employed by a TRS-covered employer to provide services for which teacher licensure is required. The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The TRS Board of Trustees is responsible for the system's administration.

TRS issues a publicly available financial report that can be obtained at <http://trs.illinois.gov/pubs/cafrs>; by writing to TRS at 2815 West Washington Street, P. O. Box 19253, Springfield, IL 62794; or by calling (888) 678-3675, option 2.

BENEFITS PROVIDED

TRS provides retirement, disability, and death benefits. Tier I members have TRS or reciprocal system service prior to January 1, 2011. Tier I members qualify for retirement benefits at age 62 with five years of service, at age 60 with 10 years, or age 55 with 20 years. The benefit is determined by the average of the four highest years of creditable earnings within the last 10 years of creditable service and the percentage of average salary to which the member is entitled. Most members retire under a formula that provides 2.2 percent of final average salary up to a maximum of 75 percent with 34 years of service. Disability and death benefits are also provided.

Tier 2 members qualify for retirement benefits at age 67 with 10 years of service, or a discounted annuity can be paid at age 62 with 10 years of service. Creditable earnings for retirement purposes are capped and the final average salary is based on the highest consecutive eight years of creditable service rather than the last four. Disability provisions for Tier 2 are identical to those of Tier 1. Death benefits are payable under a formula that is different from Tier 1.

Essentially all Tier 1 retirees receive an annual 3 percent increase in the current retirement benefit beginning January 1 following the attainment of age 61 or on January 1 following the member's first anniversary in retirement, whichever is later. Tier 2 annual increases will be the lesser of three percent of the original benefit or one-half percent of the rate of inflation beginning January 1 following attainment of age 67 or on January 1 following the member's first anniversary in retirement, whichever is later.

Public Act 100-0023, enacted in 2017, creates an optional Tier 3 hybrid retirement plan, but it has not yet gone into effect. The earliest possible implementation date is July 1, 2020. Public Act 100-0587, enacted in 2018, requires TRS to offer two temporary benefit buyout programs that expire on June 30, 2021. One

KENILWORTH SCHOOL DISTRICT NO. 38

Notes to Financial Statements

Year Ended June 30, 2019

NOTE 7 - RETIREMENT SYSTEMS (CONTINUED)

program allows retiring Tier 1 members to receive a partial lump-sum payment in exchange for accepting a lower delayed annual increase. The other allows inactive vested Tier 1 and 2 members to receive a partial lump-sum payment in lieu of a retirement annuity. Both programs will begin in 2019 and will be funded by bonds issued by the state of Illinois.

CONTRIBUTIONS

The State of Illinois maintains the primary responsibility for funding TRS. The Illinois Pension Code, as amended by Public Act 88-0593 and subsequent acts, provides that for years 2010 through 2045, the minimum contribution to the System for each fiscal year shall be an amount determined to be sufficient to bring the total assets of the system up to 90 percent of the total actuarial liabilities of the system by the end of fiscal year 2045.

Contributions from active members and TRS contributing employers are also required by the Illinois Pension Code. The contribution rates are specified in the pension code. The active member contribution rate for the year ended June 30, 2018 was 9.0 percent of creditable earnings. The member contribution, which may be paid on behalf of employees by the employer, is submitted to TRS by the employer.

ON-BEHALF CONTRIBUTIONS TO TRS

The State of Illinois makes employer pension contributions on behalf of the employer. For the year ended June 30, 2019, State of Illinois contributions recognized by the employer were based on the State's proportionate share of the collective net pension liability associated with the employer, and the employer recognized revenue and expenditures of \$4,994,191 in pension contributions from the State of Illinois.

2.2 FORMULA CONTRIBUTIONS

Employers contribute 0.58 percent of total creditable earnings for the 2.2 formula change. The contribution rate is specified by statute. Contributions for the year ended June 30, 2019, were \$39,790, and are deferred because they were paid after the June 30, 2018 measurement date.

FEDERAL AND SPECIAL TRUST FUND CONTRIBUTIONS

When TRS members are paid from federal and special trust funds administered by the employer, there is a statutory requirement for the employer to pay an employer pension contribution from those funds. Under Public Act 100-0340, the federal and special trust fund contribution rate is the normal cost beginning with the year ended June 30, 2018.

Previously, employer contributions for employees paid from federal and special trust funds were at the same rate as the state contribution rate to TRS and were much higher.

For the year ended June 30, 2019, the employer pension contribution was 9.85 percent of salaries paid from federal and special trust funds. For the year ended June 30, 2019, salaries totaling \$0 were paid

KENILWORTH SCHOOL DISTRICT NO. 38

Notes to Financial Statements

Year Ended June 30, 2019

NOTE 7 - RETIREMENT SYSTEMS (CONTINUED)

from federal and special trust funds that required employer contributions of \$0. These contributions are deferred because they were paid after the June 30, 2018 measurement date.

EMPLOYER RETIREMENT COST CONTRIBUTIONS

Under GASB Statement No. 68, contributions that an employer is required to pay because of a TRS member retiring are categorized as specific liability payments. The employer is required to make a one-time contribution to TRS for members granted salary increases over 6 percent if those salaries are used to calculate a retiree's final average salary. Additionally, beginning with the year ended June 30, 2019, employers will make a similar contribution for salary increases over 3 percent if members are not exempted by current collective bargaining agreements or contracts.

A onetime contribution is also required for members granted sick leave days in excess of the normal annual allotment if those days are used as TRS service credit. For the year ended June 30, 2019, the employer paid \$0 to TRS for employer contributions due on salary increases in excess of 6 percent, \$0 for salary increases in excess of 3 percent and \$0 for sick leave days granted in excess of the normal annual allotment.

PENSION LIABILITIES, PENSION EXPENSE, AND DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES RELATED TO PENSIONS

At June 30, 2018, the employer reported a liability for its proportionate share of the net pension liability (first amount shown below) that reflected a reduction for state pension support provided to the employer. The state's support and total are for disclosure purposes only. The amount recognized by the employer as its proportionate share of the net pension liability, the related state support, and the total portion of the net pension liability that was associated with the employer were as follows:

Employer's proportionate share of the net pension liability	\$ 776,258
State's proportionate share of the net pension liability associated with the employer	<u>53,176,939</u>
Total	<u>\$ 53,953,197</u>

The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2017, and rolled forward to June 30, 2018. The employer's proportion of the net pension liability was based on the employer's share of contributions to TRS for the measurement year ended June 30, 2018, relative to the contributions of all participating TRS employers and the state during that period. At June 30, 2018, the employer's proportion was 0.0009959071 percent, which was a decrease of 0.0001325049 percent from its proportion measured as of June 30, 2017.

KENILWORTH SCHOOL DISTRICT NO. 38

Notes to Financial Statements
Year Ended June 30, 2019

NOTE 7 - RETIREMENT SYSTEMS (CONTINUED)

For the year ended June 30, 2019, the employer recognized pension expense of \$4,994,191 and revenue of \$4,994,191 for support provided by the state. At June 30, 2019, the employer reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 15,601	\$ 169
Net difference between projected and actual earnings on pension plan investments	-	2,377
Changes in assumptions	34,046	22,001
Changes in proportion and differences between employer contributions and proportionate share of contributions	682,603	849,390
Total deferred amounts to be recognized in pension expense in future periods	732,250	873,937
Employer contributions subsequent to the measurement date	39,790	-
Total	\$ 692,460	\$ 873,937

\$36,481 reported as deferred outflows of resources related to pensions resulting from employer contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the reporting year ended June 30, 2020. Other amounts reported as deferred outflows of resources and (deferred inflows) of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30,	
2019	(50,629)
2020	(163,025)
2021	74,824
2022	4,814
2023	(7,669)
Total	(141,685)

KENILWORTH SCHOOL DISTRICT NO. 38

Notes to Financial Statements

Year Ended June 30, 2019

NOTE 7 - RETIREMENT SYSTEMS (CONTINUED)

ACTUARIAL ASSUMPTIONS

The total pension liability in the June 30, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50 percent
Salary increases	varies by amount of service credit
Investment rate of return	7.00 percent, net of pension plan investment expense, including inflation

In the June 30, 2018 actuarial valuation, mortality rates were based on the RP-2014 White Collar Table with adjustments as appropriate for TRS experience. The rates are used on a fully-generational basis using projection table MP-2014. In the June 30, 2017 actuarial valuation, mortality rates were based on the RP-2014 White Collar Table with adjustments as appropriate for TRS experience. The rates were used on a fully-generational basis using projection table MP-2014.

The long-term (20-year) expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class that were used by the actuary are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
U.S. equities large cap	15.0%	6.7%
U.S. equities small/mid cap	2.0%	7.9%
International equities developed	13.6%	7.0%
Emerging market equities	3.4%	9.4%
U.S. bonds core	8.0%	2.2%
U.S. bonds high yield	4.2%	4.4%
International debt developed	2.2%	1.3%
Emerging international debt	2.6%	4.5%
Real estate	16.0%	5.4%
Real return	4.0%	1.8%
Absolute return	14.0%	3.9%
Private Equity	15.0%	10.2%
Total	100.0%	

KENILWORTH SCHOOL DISTRICT NO. 38

Notes to Financial Statements

Year Ended June 30, 2019

NOTE 7 - RETIREMENT SYSTEMS (CONTINUED)

DISCOUNT RATE

At June 30, 2018, the discount rate used to measure the total pension liability was a blended rate of 7.0 percent, which was the same as the June 30, 2017 rate. The projection of cash flows used to determine the discount rate assumed that employee contributions, employer contributions, and state contributions will be made at the current statutorily-required rates.

Based on those assumptions, TRS's fiduciary net position at June 30, 2018 was projected to be available to make all projected future benefit payments of current active and inactive members and all benefit recipients. Tier 1's liability is partially-funded by Tier 2 members, as the Tier 2 member contribution is higher than the cost of Tier 2 benefits. Due to this subsidy, contributions from future members in excess of the service cost are also included in the determination of the discount rate. All projected future payments were covered, so the long-term expected rate of return on TRS investments was applied to all periods of projected benefit payments to determine the total pension liability.

SENSITIVITY OF THE EMPLOYER'S PROPORTIONATE SHARE OF THE NET PENSION LIABILITY TO CHANGES IN THE DISCOUNT RATE

The following presents the employer's proportionate share of the net pension liability calculated using the discount rate of 7.00 percent, as well as what the employer's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00 percent) or 1percentage-point higher (8.00 percent) than the current rate.

	1% Decrease (6.00%)	Current Discount Rate (7.00%)	1% Increase (8.00%)
Employer's proportionate share of the net pension liability	\$ 952,007	\$ 776,258	\$ 634,727

Detailed information about the TRS's fiduciary net position as of June 30, 2018 is available in the separately issued TRS Comprehensive Annual Financial Report.

NOTE 7 - RETIREMENT SYSTEMS (CONTINUED)

ILLINOIS MUNICIPAL RETIREMENT FUND (IMRF)

IMRF PLAN DESCRIPTION

The employer's defined benefit pension plan for regular employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. The employer's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of a multi-employer public pension fund. A summary of IMRF's pension benefits is provided in the "Benefits Provided" section of this document. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by

the General Assembly of the State of Illinois. IMRF issues a publicly available Comprehensive Annual Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report is available for download at www.imrf.org.

BENEFITS PROVIDED

IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

All three IMRF benefit plans have two tiers. Employees hired *before* January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired *on or after* January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months

KENILWORTH SCHOOL DISTRICT NO. 38

Notes to Financial Statements

Year Ended June 30, 2019

NOTE 7 - RETIREMENT SYSTEMS (CONTINUED)

within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the *lesser* of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

EMPLOYEES COVERED BY BENEFIT TERMS

As of December 31, 2018, the following employees were covered by the benefit terms:

Retirees and Beneficiaries currently receiving benefits	23
Inactive Plan Members entitled to but not yet receiving benefits	85
Active Plan Members	24
Total	<u>132</u>

CONTRIBUTIONS

As set by statute, the employer's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The employer's annual contribution rate for calendar year 2018 was 8.39%. For the fiscal year ended June 30, 2019, the employer contributed \$71,826 to the plan.

The employer also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

NET PENSION LIABILITY

The employer's net pension liability was measured as of December 31, 2018. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

ACTUARIAL ASSUMPTIONS

The following are the methods and assumptions used to determine total pension liability at December 31, 2018:

KENILWORTH SCHOOL DISTRICT NO. 38

Notes to Financial Statements

Year Ended June 30, 2019

NOTE 7 - RETIREMENT SYSTEMS (CONTINUED)

Summary of Actuarial Methods and Assumptions Used in the Calculation of the Total Pension Liability

Methods and Assumptions Used to Determine Total Pension Liability:

Actuarial Cost Method	Entry Age Normal
Asset Valuation Method	Market Value of Assets
Price Inflation	2.50%
Salary Increases	3.39% to 14.25%
Investment Rate of Return	7.25%
Retirement Age	Experience-based table of rates that are specific to the type of eligibility condition. Last updated for the 2017 valuation pursuant to an experience study for the period 2014-2016.
Mortality	For non-disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience. For disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Disabled Retirees Mortality Table applying the same adjustment that were applied for non-disabled lives. For active members, an IMRF specific mortality table was used with fully generational projections scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.

Other Information:

Notes	There were no benefit changes during the year.
-------	--

A detailed description of the actuarial assumptions and methods can be found in the December 31, 2018 Illinois Municipal Retirement Fund annual actuarial valuation report.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

KENILWORTH SCHOOL DISTRICT NO. 38

Notes to Financial Statements
Year Ended June 30, 2019

NOTE 7 - RETIREMENT SYSTEMS (CONTINUED)

Asset Class	Portfolio Target Allocation	Long-Term Expected Real Rate of Return
Domestic Equity	37%	7.15%
International Equity	18%	7.25%
Fixed Income	28%	3.75%
Real Estate	9%	6.25%
Alternative Investments	7%	3.20-8.50%
Cash Equivalents	1%	2.50%
Total	100%	

SINGLE DISCOUNT RATE

A Single Discount Rate of 7.25% was used to measure the total pension liability. The projection of cash flow used to determine this Single Discount Rate assumed that the plan members' contributions will be made at the current contribution rate, and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. The Single Discount Rate reflects:

- The long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits), and
- The tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

For the purpose of the most recent valuation, the expected rate of return on plan investments is 7.25%, the municipal bond rate is 3.71%, and the resulting single discount rate is 7.25%.

Summary of Actuarial Methods and Assumptions Used in the Calculation of the 2018 Contribution Rate *

Valuation Date: December 31, 2018

Notes Actuarially determined contribution rates are calculated as of December 31 each year, which are 12 months prior contributions are reported.

Methods and Assumptions Used to Determine 2018 Contribution Rates:

Actuarial Cost Method	Aggregate Entry Age Normal
Amortization Method	Level Percentage of Payroll, Closed
Remaining Amortization Period	Non-Taxing bodies: 10-year rolling period. Taxing bodies (Regular, SLEP and ECO groups): 25-year closed period Early Retirement Incentive Plan liabilities: a period up to 10 years selected by the employer upon adoption of ERI. SLEP supplemental liabilities attributable to Public Act 94-712 were financed over 20 years for most employers (two employers were financed over 29 years).
Asset Valuation Method	5-Year smoothed market; 20% corridor
Wage growth	3.50%
Price Inflation	2.75% - approximate; No explicit price inflation assumptions is used in this valuation.
Salary Increases	3.75% to 14.50% including inflation
Investment Rate of Return	7.50%
Retirement Age	Experience-based table of rates that are specific to the type of eligibility condition. Last updated for the 2014 valuation pursuant to an experience study of the period 2011-2013.
Mortality	For non-disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2014 (base year 2012). The IMRF specific rates were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience. For disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2014 (based on 2012). The IMRF specific rates were developed from the RP-2014 Disabled Retirees Mortality Table applying the same adjustment that were applied for non-disabled lives. For active members, an IMRF specific mortality table was used with fully generational projection scale MP-2014 (base year 2012). The IMRF specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.
Other Information:	There were no benefit changes during the year
Notes	*Based on Valuation Assumptions used in the December 31, 2016 actuarial valuation

KENILWORTH SCHOOL DISTRICT NO. 38

Notes to Financial Statements
Year Ended June 30, 2019

NOTE 7 - RETIREMENT SYSTEMS (CONTINUED)

AGGREGATE PENSION AMOUNTS

For the Year Ended June 30, 2018, aggregate pension amounts are as follows:

	TRS	IMRF	Total
Deferred Outflows of Resources	\$ 732,250	\$ 450,221	\$ 1,182,471
Net Pension Liability	776,258	362,873	1,139,131
Deferred Inflows of Resources	873,937	188,047	1,061,984
Pension Expense, Net of State Support	(356,000)	138,867	(217,133)

NOTE 8 - COMMON BANK ACCOUNT

Separate bank accounts are not maintained for all District funds; instead, certain funds maintain their uninvested cash balances in a common checking account, with accounting records being maintained to show the portion of the common bank account balance attributable to each participating fund. Occasionally certain of the funds participating in the common bank account could incur overdrafts (deficits) in the account. The overdrafts result from expenses paid that have been approved by the School Board.

NOTE 9 - RISK MANAGEMENT

The District has purchased insurance from risk pools and private insurance companies. Risks covered include general liability, workers compensation, medical and other. Premiums have been displayed as expenses paid in appropriate funds.

NOTE 10 - JOINT AGREEMENTS

The District is a member of North Suburban Special Education District (NSSD), an organization to provide special education programs and services to the students enrolled. Financial statements are obtained by the District from each of these entities and are available generally after November 1st following each fiscal year. Each member district has a financial responsibility to make annual contributions based the joint agreement.

The District is a member of Collective Liability Insurance Cooperative (CLIC), which has been formed to provide casualty, property and liability protection and to administer some, or all insurance coverage and protection other than health, life and accident coverage procured by the member districts. It is intended, by the creation of CLIC, to allow a member district to equalize annual fluctuations in insurance costs by

KENILWORTH SCHOOL DISTRICT NO. 38

Notes to Financial Statements

Year Ended June 30, 2019

NOTE 10 - JOINT AGREEMENTS (CONTINUED)

establishing a program whereby reserves may be created and temporary deficits of individual districts covered, thereby equalizing the risks and stabilizing the costs of providing casualty, property and liability protection.

The District is also a member, along with other area school districts, of the School Employees Loss Fund (SELF). The District obtains workers compensation insurance, and claims and loss administration services through SELF.

The District is financially responsible for annual premiums based on types and levels of coverage. SELF is separately audited and its financial information is not included in these financial statements. Financial information may be obtained by contacting the District.

NOTE 11 - CONTINGENCIES

The District participates in federally assisted grant programs. These programs are subject to program compliance audits by the grantors or their representatives. The audits of these programs for or including the year ended June 30, 2019 have not yet been conducted. Accordingly, the District's compliance with applicable grant requirements will be established at some future date. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time although the District expects such amounts, if any, to be immaterial.

NOTE 12 - OTHER POST-EMPLOYMENT BENEFITS

PLAN DESCRIPTION

The District participates in the Teacher Health Insurance Security (THIS) Fund, a cost-sharing, multiple-employer defined benefit post-employment healthcare plan that was established by the Illinois legislature for the benefit of retired Illinois public school teachers employed outside the city of Chicago. The THIS Fund provides medical, prescription, and behavioral health benefits, but it does not provide vision, dental, or life insurance benefits to annuitants of the Teachers' Retirement System (TRS). Annuitants not enrolled in Medicare may participate in the state-administered participating provider option plan or choose from several managed care options. Annuitants who are enrolled in Medicare Parts A and B may be eligible to enroll in a Medicare Advantage plan.

The publicly available financial report of the THIS Fund may be found on the website of the Illinois Auditor General (<http://www.auditor.illinois.gov/Audit-Reports/ABC-List.asp>). The current reports are listed under "Central Management Services" (<http://www.auditor.illinois.gov/Audit-Reports/CMS-THISF.asp>). Prior reports are available under "Healthcare and Family Services" (<http://www.auditor.illinois.gov/Audit-Reports/HEALTHCARE-FAMILY-SERVICES-Teacher-Health-Ins-Sec-Fund.asp>).

Notes to Financial Statements

Year Ended June 30, 2019

NOTE 12 - OTHER POST-EMPLOYMENT BENEFITS (CONTINUED)

BENEFITS PROVIDED

The State of Illinois offers comprehensive health plan options, all of which include prescription drug and behavioral health coverage. The State of Illinois offers TCHP, HMO, and OAP plans.

- Teachers' Choice Health Plan (TCHP) benefit recipients can choose any physician or hospital for medical services; however, benefit recipients receive enhanced benefits, resulting in lower out-of-pocket costs, when receiving services from a TCHP in-network provider. TCHP has a nationwide network and includes CVS/Caremark for prescription drug benefits and Magellan Behavioral Health for behavioral health services.
- Health Maintenance Organizations (HMO) benefit recipients are required to stay within the health plan provider network. No out-of-network services are available. Benefit recipients will need to select a primary care physician (PCP) from a network of participating providers. The PCP will direct all healthcare services and make referrals to specialists and hospitalization.
- Open Access Plan (OAP) benefit recipients will have three tiers of providers from which to choose to obtain services. The benefit level is determined by the tier in which the healthcare provider is contracted.
 - Tier I offers a managed care network which provides enhanced benefits and operates like an HMO.
 - Tier II offers an expanded network of providers and is a hybrid plan operating like an HMO and PPO.
 - Tier III covers all providers which are not in the managed care networks of Tiers I or II (i.e., out-of-network providers). Using Tier III can offer benefit recipients flexibility in selecting healthcare providers but involves higher out-of-pocket costs. Furthermore, benefit recipients who use out-of-network providers will be responsible for any amount that is over and above the charges allowed by the plan for services (i.e., allowable charges), which could result in substantial out-of-pocket costs. Benefit recipients enrolled in an OAP can mix and match providers and tiers.

CONTRIBUTIONS

For the fiscal year ended June 30, 2019, the State Employees Group Insurance Act of 1971 (5 ILCS 375/6.6) requires that all active contributors of the TRS, who are not employees of a department, make contributions to the plan at a rate of 1.12% of salary and for every employer of a teacher to contribute an amount equal to .88% of each teacher's salary. For the fiscal year ended June 30, 2018, the employee contribution was 1.12% of salary and the employer contribution was .84% of each teacher's salary. The Department determines, by rule, the percentage required, which each year shall not exceed 105% of the percentage of salary actually required to be paid in the previous fiscal year. In addition, under the State Pension Funds Continuing Appropriations Act (40 ILCS 15/1.3), there is appropriated, on a continuing annual basis, from the General Revenue Fund, an account of the General Fund, to the State Comptroller for deposit in the Teachers' Health Insurance Security Fund (THIS), an amount equal to the amount

KENILWORTH SCHOOL DISTRICT NO. 38

Notes to Financial Statements

Year Ended June 30, 2019

NOTE 12 - OTHER POST-EMPLOYMENT BENEFITS (CONTINUED)

certified by the Board of Trustees of TRS as the estimated total amount of contributions to be paid under 5 ILCS 376/6.6(a) in that fiscal year. The member contribution, which may be paid on behalf of employees by the employer, is submitted to TRS by the employer.

ON-BEHALF CONTRIBUTIONS TO THIS

The State of Illinois makes employer benefit contributions on behalf of the District. For the year ended June 30, 2019, State of Illinois contributions recognized by the District were based on the State's proportionate share of the collective net OPEB liability associated with the District, and the District recognized revenue and expenditures of \$32,565 in benefit contributions from the State of Illinois.

OPEB LIABILITIES, OPEB EXPENSE, AND DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES RELATED TO OPEBS

At June 30, 2018, the District reported a liability for its proportionate share of the net OPEB liability (first amount shown below) that reflected a reduction for state benefit support provided to the District. The State's support and total are for disclosure purposes only. The amount recognized by the District as its proportionate share of the net OPEB liability, the related State support, and the total portion of the net OPEB liability that was associated with the District were as follows:

District's proportionate share of the net pension liability	\$ 7,175,689
State's proportionate share of the net pension liability associated with the District	<u>9,635,403</u>
Total	<u>\$ 16,811,092</u>

The net OPEB liability was measured as of June 30, 2018, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2017 and rolled forward to June 30, 2018. The District's proportion of the net OPEB liability was based on the District's share of contributions to THIS for the measurement year ended June 30, 2018, relative to the contributions of all participating THIS employers and the State during that period.

At June 30, 2018, the District's proportion was 0.027236%, which was an increase of 0.000203% from its proportion measured as of June 30, 2017.

For the year ended June 30, 2019, the District had benefit expense of \$386,030 and on-behalf revenue/expense of \$32,565 for support provided by the State. At June 30, 2018, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

KENILWORTH SCHOOL DISTRICT NO. 38

Notes to Financial Statements

Year Ended June 30, 2019

NOTE 12 - OTHER POST-EMPLOYMENT BENEFITS (CONTINUED)

	Deferred Outflows of Resources	Deferred Inflows of Resources	Net Outflows of Resources
Differences between expected and actual experience	\$ -	\$ (25,746)	\$ (25,746)
Net difference between projected and actual earnings on pension plan investments	-	(220)	(220)
Changes of assumptions	-	(1,044,901)	(1,044,901)
Changes in proportion and differences between employee contributions and proportionate share of contributions	353,366	(54,314)	299,052
	<u>\$ 353,366</u>	<u>\$ (1,125,181)</u>	<u>\$ (771,815)</u>

\$16,713 of deferred outflows of resources related to OPEB results from employer contributions subsequent to the measurement date. Other deferred outflows of resources and deferred inflows of resources related to OPEB will be part of the OPEB expense in future years as follows:

<u>June 30</u>	<u>Outflows</u>
2020	\$ 102,909
2021	102,227
2022	102,227

NOTE 12 - OTHER POST-EMPLOYMENT BENEFITS (CONTINUED)

ACTUARIAL ASSUMPTIONS

The total OPEB liability in the June 30, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.75%
Salary Increases	Depends on service and ranges from 9.25% at 1 year of service to 3.25% at 20 or more years of service. Salary increase includes a 3.25% wage inflation assumption.
Investment Rate of Return	0%, net of OPEB plan investment expense, including inflation.
Healthcare Cost Trend Costs	Actual trend used for fiscal year 2017. For fiscal years on and after 2018, trend starts at 8.00% and 9.00% for non-Medicare costs and post-Medicare costs, respectively, and gradually decrease to an ultimate trend of 4.5%. Additional trend rate of 0.59% is added to non-Medicare costs on and after 2020 to account for the Excise Tax.

Mortality rates for retirement and beneficiary annuitants were based on the RP-2014 White Collar Annuitant Mortality Table, adjusted for THIS experience. For disabled annuitants, mortality rates were based on the RP-Disabled Annuitant Table. All tables reflect future improvements using Projection Scale MP-2014.

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class that were used by the actuary are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Illinois Public Treasurers' Investment Pool	100%	0.068%

KENILWORTH SCHOOL DISTRICT NO. 38

Notes to Financial Statements
Year Ended June 30, 2019

NOTE 12 - OTHER POST-EMPLOYMENT BENEFITS (CONTINUED)

DISCOUNT RATE

Projected benefit payments were discounted to their actuarial present value using a Single Discount Rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the plan’s fiduciary net position is projected to be sufficient to pay benefits), and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bond with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met). Since TRIP (Teachers’ Retirement Insurance Program) is financed on a pay-as-you-go basis, a discount rate consistent with the 20-year general obligation bond index has been selected. The discount rates are 2.85% as of June 30, 2016, and 3.56% as of June 30, 2017. The projection of cash flows used to determine the discount rate assumed that employee contributions, employer contributions, and State contributions will be made at the current statutorily-required rates.

Based on those assumptions, THIS’s fiduciary net position at June 30, 2018 was projected to be available to make all projected future benefit payments to current active and inactive members and all benefit recipients. Due to this subsidy, contributions from future members in excess of the service cost are also included in the determination of the discount rate. All projected future payments were covered, so the long-term expected rate of return on THIS investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

At June 30, 2017, the discount rate used to measure the total OPEB liability was 3.56%.

	1% Decrease 2.56%	Current Discount Rate 3.56%	1% Increase 4.56%
Employer's proportionate share of the net OPEB liability	\$ 9,191,331	\$ 7,175,689	\$ 5,160,046

SENSITIVITY OF THE DISTRICT’S PROPORTIONATE SHARE OF THE NET OPEB LIABILITY TO
CHANGES IN THE DISCOUNT RATE

The following presents the District’s proportionate share of the net OPEB liability calculated using the discount rate of 3.56%, as well as what the District’s proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1 percentage-point lower (2.56%) or 1 percentage-point higher (4.56%) than the current rate.

KENILWORTH SCHOOL DISTRICT NO. 38

Notes to Financial Statements

NOTE 12 - OTHER POST-EMPLOYMENT BENEFITS (CONCLUDED)

SENSITIVITY OF THE TOTAL OPEB LIABILITY TO CHANGES IN THE HEALTH CARE COST TREND RATES

The following presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1 percentage-point lower or 1 percentage-point higher. The key trend rates are 8.00% in 2018 decreasing to an ultimate trend rate of 5.09% in 2025, for non-Medicare coverage, and 9.00% in 2018 decreasing to an ultimate trend rate of 4.5% in 2027 for Medicare coverage.

	1% Decrease 7% (a)	Healthcare Cost Valuation Rate 8.00%	1% Increase 9.00% (b)
Employer's proportionate share of the net OPEB liability	\$ 6,278,728	\$ 7,175,689	\$ 8,072,645

- (a) One percentage point decrease in healthcare trend rates are 7.00% in 2018 decreasing to an ultimate trend rate of 4.09% in 2025, for non-Medicare coverage, and 8.00% in 2018 decreasing to an ultimate trend rate of 3.50% in 2027 for Medicare coverage.
- (b) One percentage point decrease in healthcare trend rates are 9.00% in 2018 decreasing to an ultimate trend rate of 6.09% in 2025, for non-Medicare coverage, and 10.00% in 2018 decreasing to an ultimate trend rate of 5.50% in 2027 for Medicare coverage.

NOTE 13 – SUBSEQUENT EVENTS

Subsequent events are events or transactions that occur after the balance sheet date but before the financial statements are issued or available to be issued. There are two types of subsequent events: recognized subsequent events, (events or transactions that relate to conditions present at the balance sheet date) and non-recognized subsequent events, (events or transactions that relate to conditions that did not exist at the balance sheet date but arose after that date).

There have been no recognized or non-recognized subsequent events that have occurred between June 30, 2019, and the report release date requiring disclosure in the financial statements.

<i>Investment Rate of Return:</i>	7.50%
<i>Retirement Age:</i>	Experience-based table of rates that are specific to the type of eligibility condition; last updated for the 2014 valuation pursuant to an experience study of the period 2011 to 2013.
<i>Mortality:</i>	For non-disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2104 (base year 2012). The IMRF specific rates were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience. For disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2014 (base year 2012). The IMRF specific rates were developed from the RP-2014 Disabled Retirees Mortality Table applying the same adjustments that were applied to non-disabled lives. For active members, an IMRF specific mortality table was used with fully generational projection scale MP-2104 (base year 2012). The IMRF specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.
<i>Other Information:</i>	
<i>Notes -</i>	There were no benefit changes during the year.

*Based on Valuation Assumptions used in the December 31, 2016 actuarial valuation; note two year lag between valuation and rate setting.

NOTES TO OTHER INFORMATION

KENILWORTH SCHOOL DISTRICT NO. 38

Notes to Other Information

Year Ended June 30, 2019

NOTE 1 – TEACHERS' RETIREMENT SYSTEM OF THE STATE OF ILLINOIS

Changes of Assumptions

For the 2018, 2017 and 2016 measurement years, the assumed investment rate of return of 7.0 percent, an inflation rate of 2.5 percent and real return of 4.5 percent, and a salary increase that vary by service credit. Salary increases were assumed to vary by service credit, but the rates of increase in the 2018 measurement year were slightly higher.

For the 2015 measurement year, the assumed investment rate of return of 7.5 percent, an inflation rate of 3.0 percent and real return of 4.5 percent. Salary increase were assumed to vary by service credit. Various other changes in assumptions were adopted based on the experience analysis for the three-year period ending June 30, 2014.

For the 2014 measurement year, the assumed investment rate of return of 7.5 percent, including an inflation rate of 3.0 percent and real return of 4.5 percent. However, salary increases were assumed to vary by age.

NOTE 2 – BUDGETS AND BUDGETARY ACCOUNTING

The budget for all Governmental Fund types and for the Expendable Trust Fund is prepared on the cash basis of accounting which is the same basis that is used in financial reporting. This allows for comparability between budget and actual amounts. This is an acceptable method in accordance with Chapter 105, paragraph 5/17-1 of the *Illinois Compiled Statutes*. The budget was passed on September 24, 2018.

For each fund, total fund expenditures disbursed may not legally exceed the budgeted amounts. The budget lapses at the end of each fiscal year. All encumbrances lapse at the end of the fiscal year.

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

1. After July 1, the Superintendent submits to the Board of Education a proposed operating budget for the fiscal year. The operating budget includes proposed expenditures disbursed and the means of financing them.
2. Public hearings are conducted at a public meeting to obtain taxpayer comments.
3. Prior to October 1, the budget is legally adopted through passage of a resolution.
4. The Superintendent is authorized to transfer up to 10% of the total budget between departments within any fund; however, any revisions that alter the total expenditures

KENILWORTH SCHOOL DISTRICT NO. 38

Notes to Other Information

Year Ended June 30, 2019

NOTE 2 – BUDGETS AND BUDGETARY ACCOUNTING (Continued)

- disbursed of any fund must be approved by the Board of Education after a public hearing.
5. Formal budgetary integration is employed as a management control device during the year.
 6. The Board of Education may amend the budget (in other ways) by the same procedures required of its original adoption.

NOTE 3 – EXCESS OF ACTUAL EXPENDITURES DISBURSED OVER BUDGETED EXPENDITURES

The District over-expended their budgeted expenditures in the Municipal Retirement Fund by \$10,017, the Transportation Fund by \$53,553, the Debt Service Fund by \$77,820 and the Educational Account by \$4,122,854 during the fiscal year ended June 30, 2019. The Educational Account over-expenditure was due to State on-behalf payments of \$4,994,191, which the district records as revenues and expenditures, however does not budget.
