

## **Joseph Sears School Parent Placement Request Form**

The Joseph Sears School strives to place students in learning environments that are appropriate for each student's individual learning needs. The school requires the use of a number of measures to consider a change in age-appropriate placement based on parent request including, but not limited to: standardized test scores, in-class performance data, teacher and parent observations, information/recommendations from outside experts (educational research, student's health care provider, student's previous teachers, etc.) and current teacher recommendation.
